

Dear Madam/Sir,

It has become a tradition for the teaching staff and students of „Apollonia” University from Iasi to organize the International Congress at the crossroads of the white season and the revival of nature. In the spirit of this tradition, between **28 February - 2 March 2022**, the academic community organizes the XXXIIth edition of the **International Congress** under the slogan “**By promoting excellence, we prepare the future**” with the following sections:

A) Opening Ceremony of the Congress

B) Trends of global development in the coming decades

C) Solomon Marcus, our contemporary

D) Highlights in Advanced Medicine

a) Predictions in anticipatory medicine

b) Current medical practice in pandemic crisis

c) Tribune of the Practitioner (Medicine, Dentistry, Dental Technology, Nursing, Balneophysiokinetotherapy)

d) Digitalized prosthetic technologies

e) Frontiers of knowledge in neurosciences

E) Advanced materials in modern medicine

F) New paradigm of communication, product of the pandemic crisis

G) Institutional communication

H) Workshops, company presentations and hands-on

All sessions will be held **ONLINE** in parallel.

The papers presented within the Congress can be published in one of the journals belonging to „Apollonia” University: *International Journal of Medical Dentistry* - indexed in Web of Science by Clarivate Analytics (Thomson-Reuters) and in international databases (www.ijmd.ro) and *International Journal of Communication Research* - indexed in international databases (www.ijcr.eu).
